For sale by the Superintendent of Documents, U.S. Government Printing Office
Washington 25, D.C. - Price \$2.25

STATE LIST

Post Offices, Branch Post Offices, and Stations

- C. Offices having city delivery.
G. Offices located in Government buildings.
Ind. Independent for receipt and dispatch of registered and other mail.
Independent City. Independent of any county or county government.
K. Rotary-lock key (third- and fourth-class offices). All first- and second-class offices are furnished rotary-lock keys.
- MOU. Money order unit.
R. Rural stations.
V. Offices having village delivery.
† Post offices issuing international money orders.
§ Summer offices.
|| Winter offices.
° Postal savings depositories.
x Classified station or branch.

Contract stations and branches are not symbolized.

The figures 1, 2, and 3 following the names of post offices represent the class of office. Those offices, excluding stations and branches, without number, are fourth class.

The office number shown in the column headed "No.," preceded by the State Code, shown at the beginning of each State list, must be used on all vouchers, statements, and accounts and in all correspondence with the Post Office Department and the General Accounting Office concerning these vouchers, statements, and accounts; for example, Abbeville, Ala., 01-00200. Branches and stations are not numbered.

Postal savings deposits can be made only at post offices, branches, and stations that are authorized to transact postal-savings business, as indicated by the symbol (°) prefixed to name of office. Withdrawals must be made at the post office, branch, or station at which the depositor maintains his account.

All branches and stations pay money orders, register letters and parcels, and sell postage stamped paper. Lettered and named stations, in addition, may receive, deliver, and dispatch mail matter. Money orders are issued at all post offices, branches and stations except those indicated by an asterisk (*). At the larger military installations where postal units are formed to afford service to military personnel, and regular stations are not established, such units are designated for accounting purposes as money-order units.

INSTRUCTIONS to the Mailer

Each unit of area is numbered, and post offices located within the unit are assigned unit zone numbers which are listed opposite the names of the post offices. A zone key has been prepared for each unit of area showing in numerical order the zones in which all other units are located in relation thereto. The same zone key is used at all post offices located in any one unit of area.

A local parcel post zone key, together with a list of parcel post rates, may be obtained *free of charge* from your local post office. Parcel post zone keys for other localities may be obtained from the Post Office Department Supply Center, 3070 "V" St., N. E., Washington 25, D. C. Request zone keys by the unit zone number.

To ascertain the parcel post zone of a particular post office, look in this list for the name of the post office to which the parcel is to be mailed. At the right of the name is the number of the parcel post unit in which that post office is located. This number (or group of numbers including it) must then be found in the parcel post zone key for the office from which the parcel is to be mailed. The figure in the column opposite the line on the zone key containing the unit zone number of the post office of address is the parcel post zone. For example, Chicago, Ill., is located in Unit 2115, and mailers within that unit should request the zone key for such number.

A branch office or station has the same unit number as the main office.

The parcel post unit number for each post office, branch, and station is shown in the column headed "Unit." The space following each unit number in the column headed "Zone" is provided for insertion of zone after its determination from zone key.

Supplemental zone keys are needed to compute zones for Alaska units from post offices in some of the Western States and for some units in Western States from post offices in Alaska. All Alaska units are in the eighth zone from units 00 through 2299. If your post office is in a unit numbered from 2300 to 5813, some units in Alaska may be in less than the eighth zone. You may obtain a supplemental zone key from the Post Office Department Supply Center, 3070 "V" Street, N. E., Washington 25, D. C. Be sure to specify the kind of supplemental zone key you desire.
