STATE LIST

Post Offices, Stations, and Branches

All post offices, named stations and named branches, including rural stations and branches, are listed in alphabetical sequence under the appropriate State name. Stations and branches are also indented under the parent post offices. Numbered and lettered contract stations and branches and numbered money order units are not included in this list.

Stations are subordinate postal units located within the corporate limits of the city or town where the parent post office is situated.

Branches are subordinate postal units not located within the corporate limits of the city or town where the parent post office is situated.

Stations and branches are established to meet specific postal needs and may provide all services given at the main post office or they may provide only limited services such as sale of stamps, acceptance of registered mail, and transaction of money order business. Classified stations and branches are staffed with career postal employees. Contract stations and branches are operated under a contractual agreement between the Post Office Department and an individual contractor. Rural stations and branches are contract units which supplement rural delivery or star route box delivery service.

Entries for post offices show the ZIP Code (except for major post offices where reference to the National ZIP Code Directory is necessary to determine the ZIP Code), county name and class of office. Offices having city delivery service and those which are in Government-owned buildings are indicated by the letters "C" and "G", respectively, following the class of office.

Only the first three numbers of the ZIP Code are shown for offices having more than one ZIP Code. It is necessary in these instances to refer to the National ZIP Code Directory to determine the proper ZIP Code for a mailing address.

The following abbreviations and symbols are used throughout the State list:

- B—Branch (Indicates contract branch unless followed by an "x".)
- C—Offices having city delivery service.
- G—Offices located in Government buildings.
- U—Money order unit.
- RB—Rural branch.
- RS—Rural station.
- S—Station (Indicates contract station unless followed by an "x".)
- x—Classified Unit.
