## POST OFFICES, BRANCH POST OFFICES, AND STATIONS

JUNE 1, 1928

[For Supplement containing changes to July 1, 1928, see Index]

\* Do not issue money orders. † International money order offices. ° Postal savings depositories. † Summer offices. † Winter offices.

The office numbers preceding the names of post offices must be used in all correspondence with the General Accounting Office and the Post Office Department, and on all vouchers, statements, and accounts.

The unit numbers, used in parcel-post business, follow the names of the counties. A branch office or a station in the same unit as the main office. The space following the unit number is provided for the insertion of the zone number.

Postal savings deposits are received only at the post offices, branches, and stations that are authorized to transact postal savings business. Withdrawals must be made at the post office, branch, or station at which the depositor maintains his account.

All branches and stations issue and cash money orders, register letters and parcels, and sell postal supplies. Lettered and named stations, in addition, receive, deliver, and dispatch mail matter.

Formerly domestic money-order offices were indicated by an asterisk, but in this issue of the Guide the asterisk is used to denote offices which do not transact money-order business. All offices without the asterisk issue money orders.

Money orders should be drawn on the main post office only and not on branches or stations thereof, but they may be cashed at any branch or station of such office.

Independent stations, indicated thus (Ind.), receive and dispatch registered mail in the same manner as post offices, and are the only stations to which postmasters address registered package jackets.

County seats (ch) and the number of rural routes emanating from certain offices are shown in the list of post offices arranged by States and counties.
